

## **Prof. Hideo Ohno received the “IEEE David Sarnoff Award 2012”**

Prof. Hideo Ohno (Professor at the Research Institute of Electrical Communication and Director of the Center for Spintronics Integrated Systems) received the “IEEE David Sarnoff Award 2012” for his seminal contributions and leadership in bridging semiconductor electronics with magnetism and spintronics.

The commendation ceremony will be held at IEEE International Magnetic Conference, Vancouver, Canada on May 9.
